Here's what we learned today.

The apostle John wrote a letter to remind believers of God's love for them. God's love is so great that He calls us His children! We know what love is because God loved us first and sent His Son.

Loving one another with a love that puts others' needs and interests before our own is surprising to the world. This is the kind of love Jesus showed for us when He died on the cross to rescue us from sin. As God's children we are to show this kind of love to the world.

LET'S
TALK

Get your kids talking!

What did John remind believers about?

Take it deeper.

What would it look like to love only with our words?

Why does God want us to love with our actions?

FOR
FUN

Have some family fun this week!

Tell family members that you are going to say three words, and they should tell how they think the words are related. Example: apple, avocado, strawberry (relation: fruits) Call on someone to share his guess. Use the following categories or create your own.

- leg, nose, foot (body parts)
- windy, sunny, rainy (weather conditions)
- paper, stapler, pens (office supplies)
- eggs, waffles, bacon (breakfast foods)
- father, mother, sister, brother.

Say: Did you know that when we become part of God's family, all believers are our brothers and sisters? We have a really big family in Christ!

PRAY

Our father in heaven, we're so glad we are your children! Help us to love through our actions and not just with feelings or words, so that we can show others what your love is like.
